

2020 FORD ESCAPE SEL

- 1.5L EcoBoost® with Auto Start-Stop Technology
 - 8-Speed Automatic Transmission
 - Front-wheel drive (FWD)
 - Traction Control
 - Curve Control
 - Four-wheel disc Anti-Lock Brake System
 - Electric Power-Assisted Steering (EPAS)
 - Personal Safety System™ with dual-stage driver and front-passenger airbags
 - Hands-Free, Foot-Activated Liftgate

The 2020 Ford Escape SEL offers an updated new look with enhancements to the features of previous models. Other new features include heated and leather wrapped steering wheel as well as a hands-free, foot-activated liftgate. Powering the new Escape is a 1.5L EcoBoost engine, now improved with Auto Start-Stop Technology and a new 8-speed automatic transmission. It is fitted with advanced safety features like traction control, 4 wheel ABS, as well as numerous airbags surrounding the driver and passengers.
