- Heated power outside mirrors

The 2019 Chevrolet Express Cargo Van RWD 2500 WT is a strong and enduring van thanks to its full-frame design. It is powered by a 4.3L V6 engine with an 8-speed automatic transmission. Its available payload is up to 1,955 kg with a maximum towing capability of up to 4,536 kg. It is designed to be customizable with the inclusion of ladder racks and available equipment storage options. It has standard rear swing-out doors and hinged cargo doors with an option for sliding cargo doors. It comes with a bevy of safety technologies like StabiliTrak traction control, airbags, and a 4-wheel anti-lock braking system (ABS).
